

Rev. Charles Chamberlain. Boston Monday morning... 1841  
Providence, R.I.

Resd Dear Sir

15 I have concluded to start in  
the first train for Providence &  
therefore will write a few words  
& should be very grateful  
for any assistance you may see  
the way in, obtaining a suitable  
field of labor & wish to be soon  
engaged in the work which I hope  
I love

If any of the churches in this vicinity  
wish on hearing of me to have me  
come as a supply or a candidate  
I will do so. I should hope however  
if such opportunity were granted it  
would be without quarrel. I shall  
be for the present at Providence where  
my communicating would reach me  
For further information than what  
you have & would refer you to Dr  
Edw of Andover Dr McCauley or Skinner  
of New York or Dr Wayland of Providence  
or Dr Wadsworth of Andover  
If anything is forwarded to me I shall  
look for it within 2 or three weeks  
Yours respectfully  
Charles Chamberlain
